### MAIL QUILTS TO:

Young at Heart Quilting  
c/o Riki Ollis  
731 E. Yosemite Ave, Ste B #172  
Merced, CA 95340

#### What You Should Know

- ★ Press and Square the quilt top - For best results the quilt borders should measure the same size as the center of the quilt. Check both length and width for uniformity. Flared or pinched borders may create puckers or tucks in the finished quilt.
- ★ Clip all thread tails on quilt front and check for any holes or unsewn seams.
- ★ Backing should be 4" - 6" larger than the quilt top.
- ★ Batting, if you provide it, should be 6" larger than the quilt top.
- ★ Fold quilt top, backing, and batting individually. PLEASE DON'T LAYER OR BASTE THEM TOGETHER
- ★ If we are binding your quilt, please provide the fabric. DON'T PREMAKE THE BINDING
- ★ Choose two general thread colors and we will pick the best match in that range.
- ★ Please select two preferred quilting designs. We will always try to use your first choice, but sometimes it may not be optimized for your quilt and we will go with your second choice.
- ★ If we find any unsewn seams or similar problems, we'll make the necessary repairs up to 15 minutes for \$10 without contacting you. If any repairs require more time, we will contact you before proceeding.
- ★ Total is an estimate and may change if calculations are dramatically off, or more work is needed.
